What is Shungite

- ✓ Its is a type of rock comprising of carbon and silicate minerals - found only in Karelia in Russia. Its uniqueness stems from the presence of hollow molecular carbon cages - known as fullerenes - embedded within the rock. We offer 2 types of shungite :
- ✓ **Black Shungite:**
 - Contains 40-80% carbon – unpolished it has a dull appearance very much like coal.
 - This is the material used for the Pendants, Bracelets and other items
- ✓ **Elite Shungite:**
 - While elite/noble Shungite has a higher concentration of carbon (and fullerenes), it is brittle and does not lend itself to cutting and shaping for jewelry.
 - However ,It is superior in usage for the purposes of structuring drinking water.
- ✓ Shungite, in all forms, has been shown to mitigate the effects of EMF/5G, and hence we have chosen this material in offering a n new range of ELFET treated products

Clean water

It is always advisable to filter irrigation water. Our outdoor filter can be installed to irrigate veggie gardens with ease.

Proven Results

It has been proven that plants exposed to ELFET resonance and watered with ELFET treated water, have optimal seed germination, increased root structure & improved yield

Shungite for Bees

Bees are highly sensitive to EMF radiation and tend to stay away from these frequencies. It has been shown that shungite provides a safe EMF –free zone for Bees to flourish in

Our Recommendation

- ✓ Treat the hive frames in our ELFET Chamber
- ✓ Place Shungite stones on top and on ledge of beehive entrance

Veggie Protocol

- ✓ Filter water
- ✓ Structure water with water disc
- ✓ Place copper or stainless steel rods in between plants
- ✓ Place chain around base of plants
- ✓ Use treated seedling trays and plastic potting bags for optimal results

Our new Brand

 <p>A BRAND OF</p> 	<p>Dear valued customer :</p> <p>For many years ELFET Ltd has traded under the name of Tri-Vortex SA. Accordingly, the products we made available have all been branded as Tri-Vortex - typically with the butterfly logo in various forms :</p>  <p>Both ELFET and Tri-Vortex are our registered Trademarks.</p> <p>Strategically, and for the sake of clarity, we have decided that we will merge the brand and technology into one, namely - ELFET. The properties and benefits are exactly the same. Since we still have a large amount of Tri-Vortex branded stock, you could be supplied with this stock, or in combination with ELFET branded stock - depending on individual or market circumstances.</p>	<p>FYI -</p> <p>The name ELFET is an acronym for : "Electrical Field Entrainment Techniques"</p> <p>The F is highlighted to denote :</p> <ul style="list-style-type: none"> • Frequency • Field (electrical field) • Function • Form (as in geometry) • Or Quite simply - Fabulous, Fantastic, Fun, Futuristic, Fundamental - and we are sure you can muse of some more descriptions starting with F... <p>Where Space and size allows, our new logo will look like this -</p> 	<p>ELFET LTD Ellon, Scotland info@elfet.org www.elfet.org</p>
